Monitored devices	Componenten die gemonitord moeten worden
Site name	Naam van het project
Country	Land van het project
State/region	Provincie
Nearest weather station	Dichtstbijzijnde plaats (nodig voor lokale weersinformatie)
City	Plaats
Zip code	Postcode
Address 1	Adres
Peak power	Het geïnstalleerde STC vermogen
Currency	Munteenheid
Feed in tariff	Elektriciteitsstarief per kWh
Installation date	Installatiedatum van het project
Site image	Foto/plaatje van het systeem (optioneel)
System physical mapping *	Fysieke layout van het systeem (optioneel)
Use	Residential (particulier)/Commercial (zakelijk)/Utility (utiliteitsbouw)

Peak Power: \*  
 Currency: \*  
 Feed in Tariff (€/kWh): \*  
 Installation Date: \*  
 Site Image:  
 System physical mapping:  
 Use: \*  
 Notes:

**\* System Physical Mapping:**

Op de SolarEdge Physical Layout Template zijn tijdens de installatie van het project alle QR codes van de optimizers en omvormer geplakt. Met behulp van deze template kan op 2 manieren de fysieke layout worden toegevoegd aan de site:

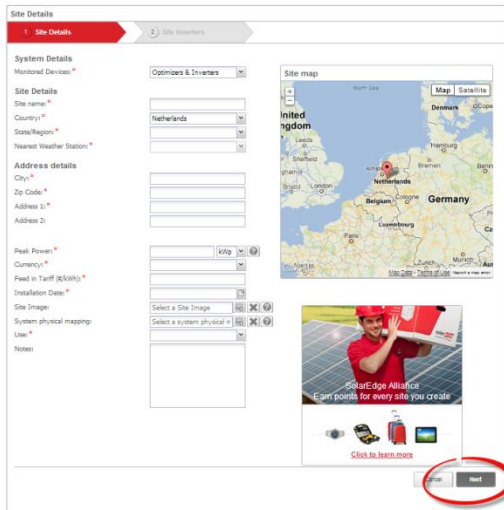

- 1 De template inscannen en opsturen naar [support@solaredge.com](mailto:support@solaredge.com)
- 2 Voor de Iphone is een gratis applicatie beschikbaar: "Site Mapper". Met behulp van deze app kunnen de QR codes worden in gescand. De app maakt van deze scan een xml-bestand die toegevoegd kan worden bij "System physical mapping"  
<http://www.solaredge.com/groups/installer-tools/site-mapper> voor meer informatie over deze app)

**SolarEdge Physical Layout Template**
